Table of Applications

Amburdening Franking machine AMM machines AMM machines Bag filling machine Bag filling machine Bark notes issue (ATM) Bilster conveying Blater blate	Accumulating conveyor	Food transport	Printing machines
Automotive Glass processing maschine Bog filling mochine Graphine saw Bonk notes issue (ATM) Book printing unit Book printing machine Book printing unit Book printing uniting uniting uniting uniting uniting uniting uniting unit	Ampullae printing	Franking machine	Profile haul-off unit
Automotive Giass processing maschine Bog filling machine Grophites aww Blade active Bonk notes issue (ATM) Grinding machine Blister conveying Houl off unit (lube, wire, hose) Secretion / Ichor pump Bookbinding machine Health care devices Bottling of soft chinds Highperformance drive Grand Conveying Bookbinding machine Health care devices Bottling of soft chinds Highperformance drive Grand Conveying Bookbinding machine Houl off unit (single sheet) Single sheet separating feeder Bottling of soft chinds Highperformance drive Grand Conveying Bottling of soft chinds Bottling	ATM machines	Friction feeder unit	Reader / scanner unit
Bank notes issue (ATM) Biliser conveying Houl-off unit (tube, wire, hose) Houl-off unit (tube, wire	Automotive	Glass processing maschine	Roller conveyor unit
Book notes issue (ATM) Bilser conveying Bilser conveying Book printing unit Book printing units Book printing unit unit Book printing unit unit Book printing unit unit Book printing unit unit Book printing unit Book printi	Baa fillina machine	Graphite saw	·
Blister conveying Houl-off unit (tube, wire, hose) Secretion / ichor pump Shrink film unit Book printing unit Health care devices Single sheet separating feader Single sheet separating machine Single sheet separating sheet Single sheet separating sheet Single sheet separating sheet Single sheet Single sheet Single sheet separating sheet Single sheet		Grinding machine	Saw blade drive
Bookbinding machine Haul-off unit (single sheet) Shrink film unit	·	Haul-off unit (tube, wire, hose)	Secretion / ichor pump
Book printing unit Botting of soft drinks Highperformance drive Single sheet separating feeder Single sheet separating feeder Single sheet separating feeder Single sheet separating feeder Single sheet separating machine Single sheet separating feeder Single sheet separating sealor Single sheet separating scalars Single sheet separating feeder Single sheet Single sheet separating feeder Single sheet separating feeder Single sheet	, 5	Haul-off unit (single sheet)	Shrink film unit
Bottling of soft drinks Can conveying Highperformance drive Another production Cardboard processing Cardboard drive production Cardboard production Medicinal pump Medicinal		Health care devices	Side sealed bag device
Cardboard processing Cardboard processing Cardboard processing Cardboard drum production Lik-let printing Cap closing units Canton box manufacturing Carton glueing machine Caterapilar unit Carton glueing machine Caterapilar unit Chemical Industry Cigarette producing machine Closing device Compressor drive Compressor drive Conveying unit Conveying unit Conveying unit Conveying unit Conveying unit Conveying unit Conton industry Conveying unit Conveying unit Conveying unit Conveying unit Conveying unit Conveying unit Conton winder machine Cotton card feeder Cut & Crimp Paper found production Document [Leeding unit Drive system Paper tube processing Photograph development Electronic parts conveying Photograph development Electronic parts conveying Electronic pense Enveloping unit Plotiter Folder-/gluer machine Postal sorting machine		Highperformance drive	
Cardboard processing Cardboard drum production Ink-let printing Cap closing units Carton box manufacturing Carton glueing machine Carton glueing machine Caterpillar unit Chemical industry Chemical industry Cleaning device Cleaning device Cleaning device Compressor drive Compressor drive Composite can manufacturing Conveying unit Conveying unit Conveyor technique Cotton winder machine Cotton winder machine Die cutting machine Die cutting machine Document feeding unit Drive system Perforoting unit Proper feeder Document feeding unit Photos poper feeder Enveloping unit Plotter Folder / Gluer glaeder Folding feeder Fosts processing machine Freess Folding feeder Fosts processing machine Footal sorting machine Fosts processing machine Fostal processing machine Fosts processing machine Fosts processing machine Fosts processing machine Fostal sorting machine Fostal sorting machine Fostal sorting machine Fostal sorting machine Fostal processing machine Fostal sorting machine Fostal processing machine Fostal sorting machin		Hose haul-off unit	Single sheet separating machine
Cardboard drum production		Hydraulic turbine	
Label printing machine Light drive unit Stamped part conveyor		Ink-Jet printing	Small part conveyor
Carton box manufacturing Carton glueing machine Caterpillar unit Chemical industry Cigarette producing machine Compressor drive Compressor drive Composite can manufacturing Conveyor technique Conveyor technique Conveyor technique Control winder machine Cott & Crimp Die cutting machine Document feeding unit Directinic parts conveying Directinic press Paper manufacturing Paper manufacturing Paper monufacturing Directinic press Perforating unit Proto paper feeder Enveloping unit Engraving machine Postal processing machine Postal processing Pressure seensitive adhesive label Pressure seensitive adhesive label Pressure seensitive adhesive label Pressure seensitive adhesive label Strapping machine Strapping machine Tabacco industry Tabacco industry Tabacco industry Tabacco industry Tabacco industry Tabacco industry Textile machine Ticket vending machine Ticket vending machine Ticket vending machine Tube forming unit Tube strained inve Tiube extrusion plant Tube venturion Tub		Label printing machine	
Carton glueing machine Caterpillar unit Chemical industry Chemical industry Cigarette producing machine Cleaning device Compressor drive Compressor drive Conveyor technique Conveyor technique Credit card feeder Cut & Crimp Die cutting machine Die unit graph about the clark paper feeder Document feeding unit Drive system Eccentric press Electronic parts conveying Electronic parts conveying Engraving machine Engraving machine Cateronic parts Postal processing machine Postal processing Pressure sensitive adhesive label Pressure sensitive adhesive label Machine drive Induction freedre Induction freedre Induction freedre Vertilation unit Vertilation unit Vertilation Vertila		Light drive unit	
Caterpillar unit Chemical industry Chemical industry Cigarette producing machine Cleaning device Ceaning device Compressor drive Compressor drive Conveying unit Conveying unit Conveying unit Cotton winder machine Cotton winder machine Cotton winder machine Cut & Crimp Die cutting machine Document feeding unit Drive system Electrial generating station Engraving unit Ended producing Postal processing Postal processing Postal processing Vier bedder Postal processing Vier bedder Postal sorting machine Postal sorting machine Postal sorting machine Vier bedder Vier bould bedder Vier bedder Vier bedder Vier bedder Vier bould bedder Vier bedder Vier bould bedder		Machine drive	Strapping machine
Chemical industry Cigarette producing machine Cleaning device Compressor drive Composite can manufacturing Conveying unit Conveyor technique Copy machine Credit card feeder Cut & Crimp Die cutting machine Paper rube processing Paper rube processing Paper rube processing Paper frodering unit Photo paper feeder Enveloping unit Enveloping unit Envileeder Folding unit Folding reeder Folding unit Folding feeder Folding geeder Folding feeder Folding geeder Folding geeder Folding unit Fressure sensitive adhesive label Materials handling Ticket vending machine Tube forming unit Tube extrusion plant Verliant V		Machine drive (oily)	
Cigarette producing machine Cleaning device Compressor drive Composite can manufacturing Conveying unit Conveyor technique Copy machine Credit card feeder Cut & Crimp Die cutting machine Document feeding unit Drive system Eccentric press Electronic parts conveying Electronic parts conveying Electronic parts conveying Ender or paper feeder Enveloping unit Ender or press Folding feeder Folding unit Folding feeder Folding feeder Folding feeder Folding feeder Fress Fressure sensitive adhesive label Metal cincip and Metal processing Metal stripe and pump Tube extrusion plant Tube extrusion plan		Machine tools	
Cleaning device Compressor drive Composite can manufacturing Conveying unit Conveyor technique Cotton winder machine Cut & Crimp Die cutting machine Document feeding unit Drive system Eccentric press Electronic parts conveying Ending machine Photo paper feeder Enveloping unit Feeding unit Folding feeder Folding feeder Folding feeder Poress Pressure sensitive adhesive label Pressure sensitive adhesive label Pressure sensitive adhesive label	,	Materials handling	Ticket vending machine
Compressor drive Medicinal engineering Tube extrusion plant Composite can manufacturing Mill Tube winder plant Conveying unit Metal processing Turning lathe Conveyor technique Metal stripe conveyor Turning lathe Copy machine Money change machine Tubular bag filling machine Cotton winder machine Newspaper printing Vacuum feeder unit Credit card feeder Packaging machine Vacuum friction Feeder Cut & Crimp Paper drum production VFFS - Vertical-Form-Fill -Seal unit Die cutting machine Paper feeder Ventilation unit Document feeding unit Paper manufacturing Ventilation unit Drive system Paper tube processing VFFS Form-Fill -Seal machine Eccentric press Perforating unit Vial printing / marking Electronic parts conveying Pharmaceutical / drug packaging Weighing device Electrial generating station Photograph development Weighing unit Engraving machine Ploating machine Wire feeder Enveloping unit Ploating machine Wire haul-off unit		Medicinal pump	
Composite can manufacturing Conveying unit Conveying unit Conveyor technique Copy machine Cotton winder machine Cotton winder machine Credit card feeder Cut & Crimp Die cutting machine Document feeding unit Drive system Eccentric press Electronic parts conveying Electrol generating station Engraving machine Postal processing machine Photo paper feeder Plotter Enveloping unit Postal processing machine Postal sorting machine Postal processing machine Plotter Folding feeder Postal sorting machine Postal sorting machine Postal processing white weighing device Wire haul-off unit Fress Fress Fress Fress Fress Fressure sensitive adhesive label		Medicinal engineering	Tube extrusion plant
Conveyor technique Copy machine Cotton winder machine Citedit card feeder Cut & Crimp Die cutting machine Cocysystem Eccentric press Electronic parts conveying Electronic parts conveying Engraving machine Engraving machine Engraving machine Enveloping unit Feeding unit Folding feeder Folding feeder Postal sorting machine Press Pressure sensitive adhesive label		Mill	Tube winder plant
Conveyor technique Copy machine Cotton winder machine Cotton winder machine Cotton winder machine Credit card feeder Cut & Crimp Paper drum production Paper feeder Document feeding unit Drive system Eccentric press Electronic parts conveying Electronic parts conveying Electroil generating station Engraving machine Photo paper feeder Enveloping unit Postal processing machine Postal sorting machine Postal sorting machine Postal sorting machine Press Pressure sensitive adhesive label Metal stripe conveyor Turning lathe Tubular bag filling machine Tubular bag filling machine Vacuum frection Teeder vacuum frection Feeder Vertical-Form-Fill -Seal unit Ventilation unit Ventilation unit Ventilation yellower drive Ventilation pleeder Ventilation yellower drive Ventilation pleeder Ventilation pleeder Ventilation yellower field unit Ventilation pleeder Ventilation preder Ventilation pleeder Ventilation pleeder Ventilation yellower drive Ventilation pleeder Ventilatio		Metal processing	Turbine drive
Copy machine Money change machine Tubular bag filling machine Cotton winder machine Newspaper printing Vacuum feeder unit Credit card feeder Packaging machine Vacuum friction Feeder Cut & Crimp Paper drum production VFFS - Vertical-Form-Fill - Seal unit Die cutting machine Paper feeder Ventilator / blower drive Document feeding unit Paper monufacturing Ventilation unit Drive system Paper tube processing VFFS Form-Fill-Seal machine Eccentric press Perforating unit Vial printing / marking Electronic parts conveying Pharmaceutical / drug packaging Weighing device Electrial generating station Photo paper feeder Weighing unit Engraving machine Photo paper feeder Wire feeder Enveloping unit Plotter Wood milling Folder-/gluer machine Postal processing machine Yarn / thread production Folding unit Press Folding feeder Press Foil folding unit Pressure sensitive adhesive label	, -	Metal stripe conveyor	Turning lathe
Cotton winder machine Credit card feeder Cut & Crimp Paper drum production Paper feeder Paper drum production VerFS - Vertical-Form-Fill - Seal unit Ventilator / blower drive Ventilation unit Proper manufacturing Ventilation unit Vers Form-Fill-Seal machine Paper tube processing VerfS Form-Fill-Seal machine Vertilation unit Vers system Paper tube processing Vers Form-Fill-Seal machine Vial printing / marking Veighing device Veighing unit Vial printing / marking Veighing unit Verghing device Verghing unit Verghing device		Money change machine	Tubular bag filling machine
Credit card feeder Packaging machine Vacuum friction Feeder Cut & Crimp Paper drum production VFFS - Vertical-Form-Fill - Seal unit Die cutting machine Paper feeder Ventilator / blower drive Document feeding unit Paper manufacturing Ventilation unit Drive system Paper tube processing VFFS Form-Fill-Seal machine Eccentric press Perforating unit Vial printing / marking Electronic parts conveying Pharmaceutical / drug packaging Weighing device Electrial generating station Photograph development Weighing unit Engraving machine Photo paper feeder Wire feeder Enveloping unit Planing machine Wire haul-off unit Feeding unit (single sheet) Plotter Wood milling Folder-/gluer machine Postal processing machine Yarn / thread production Folding feeder Press Foil folding unit Pressure sensitive adhesive label		Newspaper printing	Vacuum feeder unit
Die cutting machine Paper feeder Paper manufacturing Paper tube processing Perforating unit Pharmaceutical / drug packaging Electronic parts conveying Electrial generating station Engraving machine Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding feeder Folding feeder Foil folding unit Paper feeder Paper tube processing Perforating unit Perforating unit Vial printing / marking Weighing device Weighing device Weighing unit Wire feeder Wire feeder Wire haul-off unit Wood milling Yarn / thread production Postal sorting machine Press Pressure sensitive adhesive label	Credit card feeder	Packaging machine	Vacuum friction Feeder
Die cutting machine Paper feeder Ventilator / blower drive Document feeding unit Paper manufacturing Ventilation unit Drive system Paper tube processing VFFS Form-Fill-Seal machine Eccentric press Perforating unit Vial printing / marking Electronic parts conveying Pharmaceutical / drug packaging Weighing device Electrial generating station Photograph development Weighing unit Engraving machine Planing machine Wire feeder Enveloping unit Plotter Wood milling Folder-/gluer machine Postal processing machine Yarn / thread production Folding feeder Press Foil folding unit Pressure sensitive adhesive label	Cut & Crimp	Paper drum production	VFFS - Vertical-Form-Fill -Seal unit
Document feeding unit Drive system Eccentric press Electronic parts conveying Electrial generating station Engraving machine Enveloping unit Feeding unit (single sheet) Folding feeder Folding feeder Foil folding unit Paper manufacturing Paper manufacturing Paper manufacturing Ventilation unit VFFS Form-Fill-Seal machine Vial printing / marking Weighing device Weighing unit Weighing unit Wire feeder Wire feeder Wire haul-off unit Wood milling Yarn / thread production Postal sorting machine Folding unit Press Pressure sensitive adhesive label	·	Paper feeder	Ventilator / blower drive
Drive system Eccentric press Electronic parts conveying Electrial generating station Engraving machine Enveloping unit Feeding unit (single sheet) Folding feeder Folding feeder Folding feeder Foil folding unit Paper tube processing Perforating unit Perforating unit Vial printing / marking Weighing device Weighing device Weighing unit Wire feeder Wire feeder Wire haul-off unit Wood milling Yarn / thread production Press Folding feeder Pressure sensitive adhesive label		Paper manufacturing	Ventilation unit
Eccentric press Electronic parts conveying Electrial generating station Engraving machine Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding unit Folding feeder Foil folding unit Fressure sensitive adhesive label Pharmaceutical / drug packaging Weighing device Weighing unit Weighing unit Weighing unit Weighing unit Weighing unit Woed milling Yarn / thread production		Paper tube processing	VFFS Form-Fill-Seal machine
Electrial generating station Engraving machine Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding unit Folding feeder Press Foil folding unit Photo paper feeder Planing machine Planing machine Plotter Plotter Postal processing machine Postal sorting machine Press Pressure sensitive adhesive label		Perforating unit	Vial printing / marking
Electrial generating station Photograph development Photo paper feeder Planing machine Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding unit Folding feeder Postal sorting machine Press Pressure sensitive adhesive label Photograph development Wire feeder Wire haul-off unit Wood milling Yarn / thread production	<u>'</u>	Pharmaceutical / drug packaging	Weighing device
Engraving machine Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding unit Folding feeder Folding feeder Foil folding unit Photo paper feeder Planing machine Plotter Plotter Postal processing machine Postal sorting machine Press Pressure sensitive adhesive label Wire feeder Wire feeder Wire feeder Varn / thread production	, ,	Photograph development	Weighing unit
Enveloping unit Feeding unit (single sheet) Folder-/gluer machine Folding unit Folding feeder Foil folding unit Planing machine Plotter Plotter Postal processing machine Postal sorting machine Press Press Pressure sensitive adhesive label		Photo paper feeder	Wire feeder
Folder-/gluer machine Postal processing machine Postal sorting machine Postal sorting machine Press Foil folding unit Pressure sensitive adhesive label		Planing machine	Wire haul-off unit
Folder-/gluer machine Folding unit Folding feeder Foil folding unit Postal processing machine Postal sorting machine Press Press Pressure sensitive adhesive label	Feeding unit (single sheet)	Plotter	Wood milling
Folding unit Folding feeder Foil folding unit Postal sorting machine Press Press Pressure sensitive adhesive label		Postal processing machine	Yarn / thread production
Folding feeder Press Foil folding unit Pressure sensitive adhesive label		Postal sorting machine	
Foil folding unit Pressure sensitive adhesive label		Press	
		Pressure sensitive adhesive label	
		Print circuit board (PCB) conveying
